WIDTH:	•50 •100 •150 •200 •300 •400 •500 •600 •700 •800 •900 •1000
HEIGHT:	•50 •75 •100 •125 •150
THICKNESS:	•0.8 •1.0 •1.2 •1.5 •1.8 •2.0 •2.3
LENGTH:	•2440 •3000

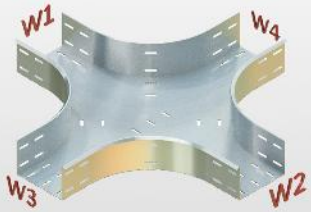

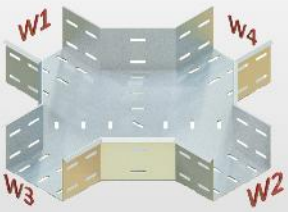

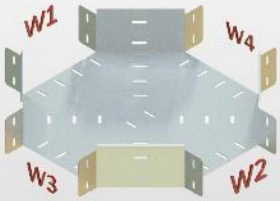

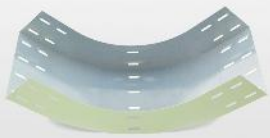

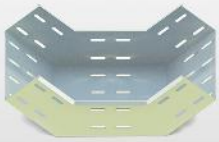

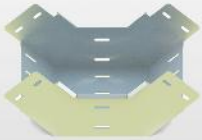

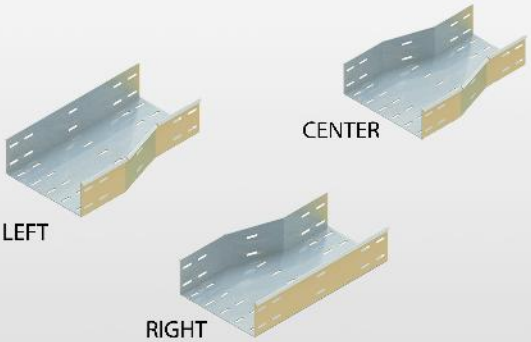

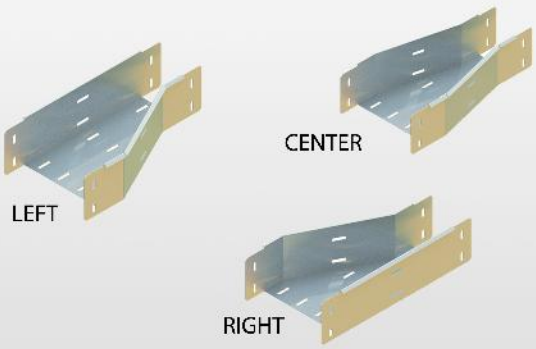

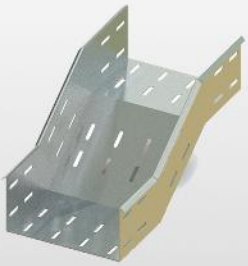

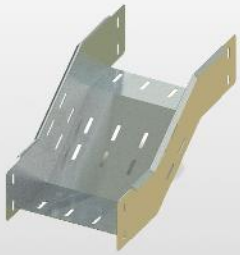

CABLE TRAY FITTINGS

Cable tray fittings are pre-fabricated accessories used to connect, branch, or change direction in cable tray systems. They are essential for building a complete and functional cable support infrastructure, especially when the layout of cable trays needs to accommodate bends, rises, drops, or splits.

TYPE	BOX TYPE- ROUND	BOX TYPE- CORNERED	INSTA-FIT TYPE
ELBOW 45°			
ELBOW 90°			
TEE
